

Machine Learning: Video Introduction

In this video, AQR's Head of Machine Learning Bryan Kelly explains what machine learning is and how it's being used in finance.

This information is for informational purposes only and not intended to, and does not relate specifically to any investment strategy or product that AQR offers. It is being provided merely to provide a framework to assist in the implementation of an investor's own analysis and an investor's own view on the topic discussed herein.

Past performance is not a guarantee of future results. Diversification does not eliminate the risk of experiencing investment loss.
